UCSF will celebrate its 109th birthday at the first "Founders Day" on Saturday, February 20, starting with a series of events the preceding week for the entire campus community, as well as some special events for the public.

The entire campus community is invited to a special Kick-Off Party on Friday, February 19 in the Millberry Union gym from 3 to 5 p.m.

On Saturday, the Founders Day program will begin with special faculty presentations from 9:30 to 11:15 a.m. (See inside calendar for complete listing of lectures and locations.)

A new landmark for the campus will be dedicated at 11:30 a.m. when Chancellor Sooy, Chancellor Emeritus Saunders and Mrs. William Reinhardt, representing the Faculty Wives, dedicate the Founders Clock. The ceremony will start the clock ticking for the first time in more than a quarter of a century. The works, which are the full height of the five-story Millberry Union building, will be visible to the public from three sides as the clock tells both the time and the day of the week.

Following the clock dedication, there will be a picnic lunch and a UCSF Raffle in the Millberry Union gym from noon to 1:30 p.m.

A special Founders Day Lecture: "Art is Long, Life is Short — A Medical Insight into Goya's Life," will be delivered by Chancellor Sooy in Cole Hall from 1:45 to 2:30 p.m. In addition, the Alumni Center will hold an open house from 1:45 to 3:30 p.m. at 745 Parnassus Ave.

Highlight of the public events will be an historical exhibit called "Origins of Excellence," which will have on display a collection of old photographs, artifacts and documents, plus a complete Victorian dentist's office, a turn-of-the-century pharmacy, and a variety of fascinating pieces of old medical equipment and instruments. The exhibit will continue daily from Wednesday, February 17 to Sunday in the Millberry Union combined lounges from 9 a.m. to 5 p.m.

NEWS BRIEFS

(Continued from front page)

Slide shows and video tapes of "UCSF Then and Now" will run concurrently on Saturday during the exhibit in the Millberry Union Madrone Room.

Other public events on Wednesday include: a noon lecture in Toland Hall by Masha Jewett, the daughter of the artist Bernard Zakheim, who painted the famous frescoes in that lecture hall; an historical exhibit reception for the public and parents of students from 5:30 to 7:30 p.m.; and a free lecture on "Recombinant DNA" by David Martin, Jr., professor of Medicine and Biochemistry, in the LPPI Auditorium at 7:30 p.m.

This first annual "Founders Day" is dedicated to Chancellor Sooy, who is stepping down from the chancellorship after 10 years. For further information on all Founders Day activities contact Sally Soper at x2401.

The fourth in a series of limericks presented by the Hospitals Auxiliary is:

When playing a Baldwin *or Steinway,*
One hopes for applause or a bouquet.
To insure *your success -*
please let me digress -
Never far from Al's company *stray.*

One more limerick will appear in the next issue of *Today & Tomorrow* completing the series. Guess all five and win a free ticket to the private benefit showing of "The Search for Alexander" to be held at the De Young Museum on Thursday, March 4.

A Chauncy D. Leake Campus Beautification Fund has been established by Chauncey D. Leake, Jr., son of the UCSF scientist and teacher who died in 1978.

The fund will be used for planting flowering shrubs and trees once a year on a special "Chauncey Leake Day." Leake was well known on campus for planting flowers, picking weeds, and ridding the campus of litter. The first annual Chauncey Leake Day was held in June of last year. Plans are currently underway for this year's festivities.

Barry Massie, assistant professor of Medicine and director of the Coronary Care Unit at VAMC, has received a half-million dollar grant from the National Heart, Lung and Blood Institute, NIH.

The three-year grant, which is shared with Barry Greenberg, a former UCSF fellow now with the University of Oregon in Portland, will be used to test the effects of the drug, hydralazine, in slowing the progression of aortic insufficiency. Chronic aortic insufficiency may eventually require artificial heart valve replacement in many patients. The drug may delay or postpone indefinitely the need for such surgery.

Co-investigator with Massie is Melvin Cheitlin, professor, Cardiology, SFGH; junior investigators are Barry Kramer, VAMC, and Randy Byrd, SFGH.

Approximately 60 patients are needed for the study. Patients must not be in need of surgery at the present time. Interested individuals should contact Barry Massie or Nina Topic at 221-4810, x2689.

Psychiatrists preparing for the psychiatry board examinations are invited to attend a course on "General Psychiatry Board Review and Update" to be held Friday to Sunday, March 19 to 21 in the Langley Porter Auditorium.

The course also is open to practicing psychiatrists who wish to review the latest clinical and research findings in contemporary psychiatry and neurology.

The course will be conducted by faculty from UCSF's departments of Psychiatry and Neurology, and is sponsored by the Department of Psychiatry's Continuing Education in Mental Health and Behavioral Sciences. For tuition and registration information call x2894 or x2483. For program information call x77-256.

The first campus blood drive for 1982 will be on Monday, March 8. Campus blood donation sites are the main lounge of Millberry Union from 10 a.m. to 5:30 p.m., and the mezzanine level of the Nursing building from 8 a.m. to 4 p.m.

All donors are invited to participate in a raffle for "dinner for two" at the Washington Square Bar & Grill, by depositing their blood donation receipts in raffle boxes at either donation site. The dinner is donated by the ASUCSF.

Appointments for donations may be made by contacting the Moffitt Blood Bank at x4013, or donors may visit either location at their convenience. Donors with appointments will be given priority.

Campus blood drives are sponsored three times a year by the Irwin Memorial Blood Bank, and coordinated by UCSF's Campus Tours and Speakers Bureau.

David Werdegar, MD, selected as the first permanent chair of the Division of Family and Community Medicine, assumed his new responsibilities on January 18. Werdegar served for six years as associate dean for the UCSF/Fresno Central San Joaquin Valley Medical Education Program.

Werdegar maintains offices at both SFGH and in the Ambulatory Care Center. His plans include strengthening ties between the five affiliated family practice programs located at SFGH, Valley Medical Center in Fresno, Community Hospital of Sonoma County in Santa Rosa, Natividad Medical Center in Salinas, and Silas B. Hays Army Hospital at Fort Ord. He also plans to train future teachers of family medicine, create a clinical epidemiology unit and further research in family and community medicine.

The Division of Family and Community Medicine was created almost two years ago to provide an academic base for undergraduate studies in family medicine and for postgraduate training in affiliated family practice residency programs. Joseph Barbaccia, MD, served as acting chair prior to Werdegar's appointment.

More than $76,000 was raised in the latest campus drive for the United Way. Interested individuals who still want to donate to the United Way should contact the School of Dentistry, Dean's Office, Room S 630, x1323.

UCSF's Night Security Shuttle continues to serve the campus community and visitors, seven nights a week, 5:30 p.m. to 2 a.m. Station wagons leave approximately every 15 minutes from Moffitt Circle and the bus shelters at Langley Porter, the School of Dentistry building and the H level of Millberry Union garage. They transport people to the garage, public transit stops, homes and parked cars within the area bordered by Clarendon, Clayton, Golden Gate Park and Ninth Avenue. There is a pick-up point on Ninth Avenue in front of the "Donuts & Things" shop at the corner of Judah. For further information call x1414.

Meditation classes are now being offered by Millberry Union to all UCSF faculty, staff and students, as well as the general public. Classes are scheduled for Thursdays, February 25, March 4, 11 and 18 from 7:30 to 9 p.m.

Each meditation lecture will be accompanied by the practice of meditation exercises and an informal question and answer period. Course instructor is Susan Buchner, who has studied with an Indian spiritual master for the past 10 years.

Fees are $7.50 for UCSF students and Millberry Union members and $10 for the general public. To register visit the Millberry Union pool desk or call x1115.

A symposium exploring the degree of family change due to relocation and separation from a familiar culture will be held Saturday and Sunday, March 6 and 7 in HSW 303.

Entitled "Migration and the Family — A Multi-generational Perspective," the symposium will incorporate panels and workshops to address how and why different family members react to relocation. The impact of migration varies markedly in family members according to their generation.

The symposium is sponsored by Continuing Education in the Health Sciences. For registration information call x3904.
